I woke up in a dream today
>To the cold of the static
And put my cold feet on the floor

>Forgot all about yesterday
Remembering I'm pretending to be where I'm not anymore
>A little taste of hypocrisy
And I'm left in the wake of the mistake
>Slow to react
Even though you're so close to me
>You're still so distant, and I can't bring you back
>It's true, the way I feel
Was promised by your face
>The sound of your voice
Painted on my memories
>Even if you're not with me
I'm with you
>(You, now I see, keeping everything inside)
With you
>(You, now I see, even when I close my eyes)
With you
>(You, now I see, keeping everything inside)
With you
>(You, now I see, even when I close my eyes)
With you
>Ughhhh!
>I hit you and you hit me back
And we fall to the floor
>The rest of the day stands still
Fine line between this and that

>But when things go wrong, I pretend the past isn't real
Now I'm trapped in this memory
>And I'm left in the wake of the mistake
Slow to react
>Even though you're close to me
You're still so distant, and I can't bring you back
>
